

Discover the True Spirit of the Season

*Join us in Visiting People
living in Nursing Homes, Assisted Living Facilities,
Hospitals and other Institutions*

Bring the Spirit of a Holiday to those who otherwise might not have a Celebration.

Date:

Time:

Place:

The Holiday Project is non-profit organization whose volunteers visit people in nursing homes and hospitals throughout the holiday season, and on other holidays during the year. Many of the people we visit have no other visitors during the holidays, so spending time with them is a special treat and a way to share the true spirit of the season.

We visit with residents in community areas and one-on-one in their rooms. The Holiday Project provides small gifts and volunteers are invited to bring cards. Volunteers may bring goodies to share with staff and other volunteers, but we do not give edible items to residents unless we are given specific permission by facility staff.

Children of all ages are invited to nursing homes; hospitals may have restrictions. Pets may be welcome – each facility has its own rules
